

Educational Visits Policy

Aim

The aim of this policy is to sustain and promote a broad range of off-site Educational Visits from this School, whilst ensuring safe practice and competent supervision.

Background Information:

Definition of an Educational Visit:

Any organized, off-site visit involving pupils or young people that requires the permission and approval from the Educational Visits Co-ordinator (EVC) and the parents/carers of the pupils or young people attending. A Visit may take place at any time of the year.

Joint Educational Visits:

Joint visits by establishments are entirely acceptable and offer many educational benefits. A Birmingham City Council (BCC) establishment's involvement in the organization of such a visit may vary in terms of contribution to planning, selection of pupils or young people or allocation of accompanying staff, however full application of approval and record keeping procedures (Policy and Guidance for Educational Visits) must be made by each establishment's EVC regardless of the number of pupils or young people attending.

The Visit Leader on Joint Visits must be specifically known and approved by the EVC from each participating establishment and each establishment must be satisfied, approve and record centrally in their own establishment all the arrangements agreed.

Key Points for all visits:

- All Educational Visits must have clearly identified aims and objectives.
- All Educational Visits must have an approved competent Visit Leader who is a BCC employee.
- Approval for an Educational Visit and for the designated competent Visit Leader role is made by the EVC.
- All visits must provide evidence of a prepared written risk assessment.
- Visit Leaders must carry copies of all supporting documentation on the visit, e.g. emergency contacts, itinerary, names and group detail.
- EVC's must retain and record all supporting documentation centrally.
- Parents must be fully informed of all arrangements.
- Reasonable adjustments to be considered.

OFSTED's Key Finding from its most recent report on Learning Outside the Classroom (Oct 2008) states:

- When planned and implemented well, learning outside the classroom contributed **significantly to raising standards** and improving pupils' or young people's personal, social and emotional development.

The school fully supports the vision behind the Government's 'Learning Outside the Classroom' Manifesto. We recognize that the benefits for children engaged on educational visits include:

- Raising achievement through organized, powerful experiences and opportunities.
- Participating in challenging physical activity and encouraging healthy lifestyle
- Raising self-esteem, confidence and independence.
- Appreciating landscape diversity through exploring natural environments
- Experiencing a range of built environments, extending their cultural awareness and widening horizons.
- Being involved in teamwork and problem-solving through residential experiences
- Engaging pupils or young people and making learning 'real' and relevant.
- Supporting national agendas and initiatives eg 'Every Child Matters', new curriculum for Early Years Foundation Stage, Primary and Secondary, 'Social Emotional Aspects of Learning'.

Inclusion and Entitlement

Educational visits are an integral part of the curriculum. All pupils or young people are entitled to participate irrespective of social background, culture, race, gender, differences in ability and disabilities in line with our duties under the Equalities Act 2010.

Each pupil or young person has an entitlement to experience:

- Effective learning opportunities
- Success in learning
- Achieving as high a standard as possible
- A Residential experience (The Birmingham Primary and Secondary guarantees)

Teachers will set appropriate learning challenges, responding to pupils' or young people's diverse learning needs. The school will make provision, with well planned reasonable adjustments made to support pupils or young people, enabling them where possible to participate effectively in all educational visits.

Roles and Responsibilities

- Transport for all visits must meet LA guidance/standards. The itinerary, the arrangements and drop off and collection places must be checked and agreed upon.

Notes on 'Risk Management' and the Planning and Preparation for Educational Visits

Thorough preparation for a visit must be undertaken. The EVC and the Principal/Vice Principal should be consulted regarding the arrangements, nature and purpose of the visit. The visit should have clear educational aims. The following must be addressed in further planning:

- Matters of supervision, Provider checks, content of the day(s) activities, first aid and transport must be considered and organised in advance.
- Parents must be advised of the details of any visit and kept fully informed. Any cost of the visit must take into account the School Charging Policy.
- All necessary permission/consent slips must be obtained.
- A charged mobile phone should be taken on all trips. Check that mobile phone coverage is in the area that you are visiting.
- An Emergency Contingency Plan B needs to be in place, detailing alternative arrangements due to inclement weather, transport breakdown etc.
- Planning support, notification forms, provider questionnaire, checklists and generic risk assessments can be accessed through resources and information on the Outdoor Learning Service website pages 'Planning Ed Visits' and EVC pages. Birmingham's Policy and Guidance document 'Learning Outside The Classroom' is located on the EVC page and is broken down into sections, which are all downloadable. How to undertake a risk assessment and who to submit it to

In addition to the above planning, a written Risk Assessment (a statutory requirement) must be made for any proposed educational off-site visit. It should:

- Identify any significant risks which pupils or young people, staff and helpers may be exposed to and outline any control measures that will be put in place to reduce risks to an acceptable level;
- Be passed on to the EVC and Principal/Vice Principal for consultation and approval.
- During the visit, be kept with the Emergency Contact List and other planning and risk management documentation.
- Check if the venue and/or provider have their own risk assessments.
- Ensure a suitable 'Collective Discussion/briefing' takes place regarding the 'risk assessment' prior to the visit, ensuring ownership of the 'risk assessment' by the Visit Leader and all accompanying staff. Any 'Generic' risk assessments must be changed, adapted or modified to suit the specific considerations and needs of the group during this discussion/meeting.

The six main considerations in undertaking risk assessments are:

- Type of Group
- Staffing (ratios and competency)
- Equipment
- Venue/Activities
- Travel
- Emergency Procedures

More detailed prompts under each consideration, to help in undertaking risk assessments, may be obtained from the EVC. **With more hazardous or unusual visits close contact between school and the venue/provider is an important safeguard. A preliminary staff visit should be made if necessary. Seek advice of Principal/Vice Principal/EVC.**

Risk Assessments must be passed on to the EVC/ Vice Principal as follows:

- **Off-site visits – 4 weeks prior to the visit. (The LA will require at least one month’s notification for Adventurous Activities and six months notification for Overseas Visits).**

During the visit

In addition to measures documented on the Risk Assessment staff should –

- If traveling by coach, **EITHER** hand a copy of the emergency contact list, in a sealed envelope, to the driver (this **must** be collected from the driver as you exit the coach) **OR** ensure driver has school contact details.
- Carry a class list/register. This is to be called before starting a trip and departing from any visit. In addition a head count should be done.
- Ensure adequate supervision and check children are always given suitable briefings in their group with their group leader and staff take regular head counts.
- Be prepared to make ‘ongoing’ professional judgments related to assessment of risks.

After the visit

- A post visit evaluation report should be completed, any accident/incident details recorded and the risk assessment reviewed appropriately.
- Where possible encourage children and adult helpers to contribute to this report. A copy of the report should be given to the EVC.
